All work-based training sites are assessed for work-based training suitability by the WBT trainer/assessor using the Workplace Training Facility Checklist. WBT Coordinator will use a suitability check list to determine the following: ABN registration, menu and meal type served, work safety, WHS safety measures in regard to equipment resources available and capacity of number of learners the Host Employer is able to have at any one-time conducting Work-Based Training. Students can use their workplace to complete 196 hours of Work-Based Training. However, to ensure that student's workplace requirements are met, WBT coordinator will determine suitability of potential host employer, including supervision and occupational health and safety requirements.

### **Alternative Arrangements if industry workplace does not meet the requirements**

If student's workplace site does not meet suitability, the WBT coordinator will allocate another WBT facility which can provide the opportunity for the identified gap e.g., Missing equipment, meal type, or menu style or menu items. Work-based training will be conducted at approved industry workplace

## **8. Deferment and Suspension**

This standard sets out that registered provider (i.e., International Institute of Training Pty Ltd) will appropriately manage the enrolment of their overseas students and ensure that all the necessary information about enrolments has been provided to the relevant government department by maintaining updated information in the Provider Registration and International Student Management System (PRISMS) database. Under compassionate or compelling circumstances, students will be able to defer, suspend or cancel their enrolment. IIT may suspend or cancel a student's enrolment including (but not limited to) on the basis of:

- misbehavior by the student,
- student's failure to pay an amount he or she was required to pay the Institute to undertake or continue the course as stated in the written agreement.
- a breach of course progress or attendance requirements by the overseas student, which must occur in accordance with Standard 8 (Overseas student visa requirements).

Kindly refer to Deferral, suspension and cancellation policy of IIT for more details.

## **9. Transfer between Registered Providers**

International Institute of Training Pty Ltd will not knowingly enrol an overseas student seeking to transfer from another registered provider's course prior to the overseas student completing six months of his/her principal course, except where any of the following apply:

- Releasing registered provider, or the course in which the overseas student is enrolled, has ceased to be registered.
- The releasing registered provider has had a sanction imposed on its registration by the ESOS agency that prevents the overseas students from continuing his/her course at that registered provider.
- Releasing registered provider has agreed to the overseas student's release and recorded the date of effect and reason for release in PRISMS.
- Any government sponsor of the overseas student considers the change to be in the best interest of that student and has provided written support for the change.

For more information on transfer between registered providers, please refer to IIT's Transfer between Provider's policy available on IIT's website.

## **10. Attendance, Course progress and Support**

International Institute of Training Pty Ltd (IIT) has a Course Monitoring and Attendance Policy which states that students are required to maintain satisfactory course progress throughout the course. Students are also required to attend their classes and maintain 80% of attendance throughout the course. Low attendance implies that students might not be able to complete their course on time and this will lead to students breaching their visa conditions. Hence, students are required to attend classes in accordance with course timetables to make satisfactory course progress.

Under the Education Services for Overseas Students Act 2000 and the National Code 2018, IIT will report the students demonstrating unsatisfactory course progress (failing to complete at least 50% of units for two consecutive study periods) to the Department of Home Affairs (DHA) via PRISMS. If students continue to fail the course progress requirements for two consecutive study periods, they will be reported to the Department of Home Affairs.

**Satisfactory course progress:** successfully completing or demonstrating competency in at least 50% of the units in given study period.

Note: Students will not be reported on the basis of attendance. However, low attendance may lead to unsatisfactory course progress which can lead to you being reported to DHA.

Students must participate in scheduled classes in accordance with course timetables to make satisfactory course progress, and if student does not satisfactorily progress in their course, there will be breach in the condition of their visa.

If an overseas student is not attending scheduled classes, but is making satisfactory progress in their course, then the course duration set may not be suitable for that student—because they must already have the skills, knowledge and experience to progress in their course without receiving structured training.

In this case, IIT may reassess their course duration, and may shorten their course duration. IIT may invite the students to apply for RPL and will reduce the duration of the course to the knowledge, while maintaining a minimum of 20 scheduled course contact hours per week.

Students are advised to refer to IIT's Course Monitoring and Attendance policy for more details. You may also contact IIT's Administration department for further information.

## Reassessment

Learners unsuccessful at achieving competency at the first attempt will be given two further opportunities for re-assessment at a mutually agreed time and date. If a learner fails the re-assessment after three attempts, they will be advised to re-enrol in the unit.

Students will be given total 3 attempts including 1 original. Cost of reassessment will be as follows:

- 1st Original submission: Free of cost
- 2nd Reassessment fee: Free of cost
- 3rd Reassessment fee: 300

If student fails in the 3rd reassessment, then students will have to repeat unit. Repeat unit fee- \$300.

Not attending for an assessment will be counted as one assessment attempt for each occurrence unless:

- the student can provide a certificate from a registered medical practitioner indicating that the student was medically unable to attend the assessment; or
- the student can provide independent evidence of exceptional compassionate circumstances beyond the student's control, such as serious illness or death of a close family member to explain the non-attendance at the assessment.

For more Information, please read the Assessment Policy and Procedures.

**For qualifications that require practical training:** Students must attend all theory classes and practical classes to fully develop their skills. Student's practical training attendance will be monitored closely, and student missing practical classes will be treated on a case by case basis. Students missing more than one practical class will not be allowed to sit in re-assessment but will be required to repeat the units as it will not be possible for students to develop the required skills without attending practical classes.

## 11. Copies of Documents

Students are responsible for keeping a copy of the student's agreement and receipts of any payments of tuition fees or non-tuition fees.

# International Institute of Training Pty Ltd

IIT will retain a copy of the written agreement and payment receipts, for at least two years after the overseas student ceases to be an accepted student.

**Note:**

IIT does not:

- guarantee any job or employment outcomes.
- guarantee a successful education assessment outcome for the student or intending student.
- claim to commit to secure for, or on the student or intending student's behalf, a migration outcome from undertaking any course offered by IIT.
